### Hon Wah College

推動環保是漢華中學辦學的理念與使命。制定長期的環境教育規劃，將環保意識和概念滲入學校課程是本校一直努力的目標，透過實地考察、有機耕種、綠化等活動，讓師生親身體驗綠化和環保的重要性，以及培養學生有關環保的意識，為綠色地球的可持續發展出一分力。

Promoting environmental protection is the educational philosophy and mission of Hon Wah College. Developing long-term environmental education programmes and integrating the environmental concepts into the school curriculum are the goals which we are striving for. With the participation in field trips, organic farming and other greening activities, teachers and students have experienced the importance of greening and environmental protection, while students can be nurtured with environmental awareness in order to contribute to the sustainable development of the green earth.

同學在天台植樹，綠化校園。  
Students planting trees at the roof to green the campus.

向市民宣傳環保，並邀請他們參與有機種植。  
Promoting environmental protection to local community and inviting them to take part in organic farming.

學生們積極參與有機耕種  
Students actively taking part in organic farming

中學生在學生餐廳進食，減少即棄飯盒和廚餘。  
Secondary students having lunch in the school canteen, so as to reduce usage of disposable lunch boxes and food waste.
