新昌一直致力創建綠色都市，積極在地盤推行減碳節能的措施。我們所訂立的措施涵蓋設計、策劃、物料採購、物料運用及施工階段。我們的目標清晰明確，將繼續為環保作出貢獻！

At Hsin Chong, we are working towards building a greener city. A number of green measures in reducing carbon emissions and saving energy have been implemented on our construction sites. These diverse measures cover the processes in design, planning, material sourcing, material application and construction work. We are well on the way, and our efforts will continue!
