

# 銅獎 Bronze Award

## 建造業

### Construction Industry

#### 禮頓 - 利安聯營 - 淨化海港計劃二期甲 - 香港仔至西營盤 污水輸送系統建造工程 (合約編號 DC/2007/24)

#### Leighton - LNS Joint Venture - Harbour Area Treatment Scheme (HATS) Stage 2A - Construction of Sewage Conveyance System from Aberdeen to Sai Ying Pun (Contract No. DC/2007/24)

我們在致力締造維港美好未來的同時，除了在施工期間主動採用多元化和高成效的環保措施，亦積極與各持份者溝通和組織社區關愛活動，以達致此項目可持續發展的目的。

We are working for a brighter future for our Victoria Harbour. In the meantime, in addition to our diligent implementation of diverse and effective environmental mitigation measures, active communication with stakeholders and organizing of community social events have facilitated the sustainability of our project.

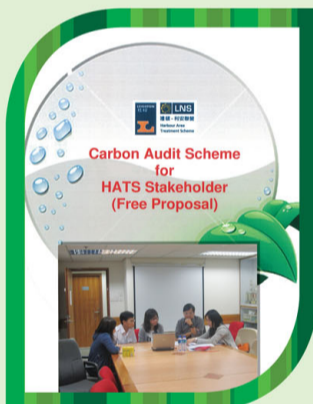

在數碼港已興建可減低 40dB (A) 密封式隔音罩  
Noise enclosure with 40dB (A) noise reduction at Cyberport site

在西營盤工地已興建可減低 40dB (A) 密封式隔音罩  
Noise enclosure with 40dB (A) noise reduction at Sai Ying Pun Site

使用石頭紙作社區項目季刊  
Quarterly Community Newsletter printed on Stone Paper

向持份者提供碳審計服務  
Provide free carbon audit service to stakeholders
