威立雅 - 禮頓 - 賀倫聯營公司 - 污泥處理設施

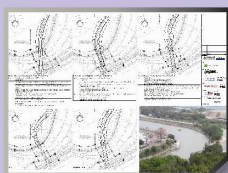

Veolia Water - Leighton - John Holland Joint Venture - Sludge Treatment Facilities

我們致力遵守環境政策內的承諾，在項目設計及建造期間，採用環保意念及措施，以減少項目對環境的影響，我們更舉辦多項活動供員工及家屬參與，將綠色訊息傳達至下一代。

We comply with our environmental policy by adopting an environmental design and implementing environmentally friendly measures throughout the project life cycle, in order to protect the surrounding environment and minimize the impacts. We also spread the green message to the next generation through organizing various activities for our staff and their families.

項目採用多種可持續發展的設計。
Sustainable design elements are incorporated into the Project.

修改項目邊界及連接橋樑之設計，以保留原址具價值的木棉樹。
Modification of the contract boundary and connecting bridge to retain the Bombax cebs of a high amenity value.

使用太陽能定時噴霧灑水系統，減少耗用天然資源。
Saving of natural resources by the use of solar-powered and timer-controlled mist sprinkler system.

建造臨時蓄水池，以收集、儲存、初步處理及直接循環再用地表水及雨水。
Construction of a temporary water pond for collection, storage, preliminary treatment and direct reuse of surface run-off and rainwater.
