## 聖言中學 Sing Yin Secondary School

本校致力推動環保教育。作為首間環保示範學校，本校以環保建築設計，設施包括LED照明、中央監察能源系統及再生能源裝置等。同學積極參與環保活動，環保大使亦於校內推動環保。本校積極灌輸新一代珍惜環境資源的重要性。

We are dedicated to environmental education. As the first environmental demonstration school in Hong Kong, a green building design with environmental facilities including LED lights, centralized energy monitoring system and renewable energy facilities are adopted. Students actively participate in environmental activities and our Environmental Ambassadors also promote environmental protection in school. Our school is instilling the importance of resources conservation in the next generation.
