Nova Insurance's effort in protecting the environment is driven by a well-formulated strategy which is well received by staff members. We also incorporate ideas into daily operations. With active participation of staff, we are able to reduce carbon emission, waste and energy consumption while achieving substantial savings of operating expenses.

在「書籍交換日」，同事既能找到心頭好，亦響應回收重用。

Colleagues not only got their favourites on "Book Exchange Day", but also supported reuse.

同事利用破損的顏色分頁紙及舊利是封，製作環保的聖誕裝飾。

Colleagues made environmental Christmas decorations by using worn colour index paper and used red packets.

同事運用巧妙的心思，利用A4紙箱製成書立，整齊排列文件。

With colleagues' "green" creativity, A4 paper boxes are upcycled to become book stands which neatly store box files in the office.

辦公室設有雜誌架擺放免費報紙，供同事分享閱讀，減少拿取免費報紙。

Magazine racks are placed in the office for sharing free newspapers to reduce collection of newspapers by colleagues.
