畢馬威致力減少碳排放量，並採取一系列的「綠色計劃」，包括制定節能減排指引、投資綠色辦公設備、提高持份者的環保意識，以及支持環保專案。在2007至2010年期間，畢馬威降低了19%的碳排放量，並計劃在2010至2015年期間，再減少15%的碳排放量。

通過不同渠道向同事與外界宣傳節約及回收。2011至2012年間，「無紙辦公」策略令紙張回收率增加了33%。  
Stimulating stakeholders to waste less and recycle more via different ways in its offices. The Paperless Office approach increased paper recycling by 33% from 2011 to 2012.

KPMG is committed to reducing its carbon footprint and adopts numerous "Green Initiatives", such as setting guidelines to save energy and reduce carbon emissions, investing in green office facilities, raising awareness among all stakeholders and supporting environmental projects. From 2007 to 2010, KPMG reduced carbon emissions by 19%, targeting a further 15% reduction from 2010 to 2015.

廢物處理措施包括盡量採用含有高再造成份、本地、可再生及低有害物質的綠色建築材料和辦公設備，設置綜合回收箱、使用節水系統。

The waste management efforts include maximising usage of green building materials and office equipment with high recycled, regional and renewable content and low hazardous emissions, integrating recycling bins, and using water-saving systems.

綠色辦公設備包括安裝Halo視訊會議系統及在電腦上安裝個人視訊會議軟體，減少因出差造成的碳排放。

Our green office facilities include Halo video conferencing facilities and personal video conferencing capacity on computers, which help reduce the carbon emissions arising from business-trips.

辦公室設計充分利用自然光線，減少用電照明，並改善員工的工作環境。

Optimising the natural light through an efficient office design, which saves energy and enhances staff's well-being.
