## 聖保祿學校 St. Paul's Convent School

聖保祿學校全心全意推動可持續發展教育。學校致力建設一個綠色校園，並透過學生積極參與不同環保科研項目和比賽，讓學生培養出正面的環保態度和綠色習慣。學校更以身作則，主動回收和重用物品，惜物減碳。

利用廚餘堆肥，推動有機耕作。  
Promoting organic farming by using kitchen waste after composting.

St. Paul's Convent School is fully committed to promoting sustainable development. The school maintained a green campus conducive to the promotion of environmental education. Through active participation in different innovative and environment-related scientific competitions and exploration, the school provides ample opportunities to nurture a positive environmental attitude and cultivate green habits among students. In addition, we proactively recycle and reuse various materials helping lower carbon emission and reduce waste.
