東方海外貨櫃航運有限公司

Orient Overseas Container Line Limited

金獎
Gold Award

東方海外貨櫃航運有限公司明白企業必須對其業務活動承擔環境責任，因此公司致力透過創新的環保措施，達到可持續發展，並相信主動參與環保活動有助改善環境。

Orient Overseas Container Line Limited recognises the responsibility of business activities on the environmental impact. Thus, the company endeavours to achieve sustainable development through innovative environmental measures and believes that taking a proactive role in caring for the environment can contribute for a better environment.

冷凍櫃內的冷凍劑不含氯氟碳化物，減少對環境的影響。

Using chlorofluorocarbons-free refrigerant in containers to reduce impact to the environment.

東方海外的新貨輪均安裝了岸電系統，讓貨輪泊岸時以岸電系統取代燃燒燃料供電，減少排放污染物。

All OOCL's new vessels have installed Alternative Maritime Power (AMP) Systems, allowing the vessels to use shore-supplied electricity instead of burning fuel when moving in the berth. This can reduce the emission of pollutants.

環球船舶航班監察中心實時監察貨輪，選用最適合的航線，以提升燃油效益。

Global Vessel Voyage Monitoring Centre monitors real-time vessel movements to pick the most effective route so as to enhance fuel efficiency.
