中華基金中學重視全校參與環保項目，以廣種樹木開始，在校園設施、政策、課程和聯課活動中滲入可持續發展及生物多樣性的概念，並推動環保科研及與不同的團體合作推廣社區環保教育工作，全方位提升學生保護環境的意識。

The Chinese Foundation Secondary School emphasises on the engagement of all its stakeholders in environmental protection programmes. Starting from planting a lot of trees on campus, the School integrates the concept of sustainable development and biodiversity through the School's facilities, policy, curriculum and cross-curricular activities. The School also carries out scientific research work and cooperates with different organisations to educate the community on environmental issues, so as to enhance students' environmental awareness through a holistic approach.
