

# 香港環境卓越大獎

Hong Kong Awards for Environmental Excellence 2019

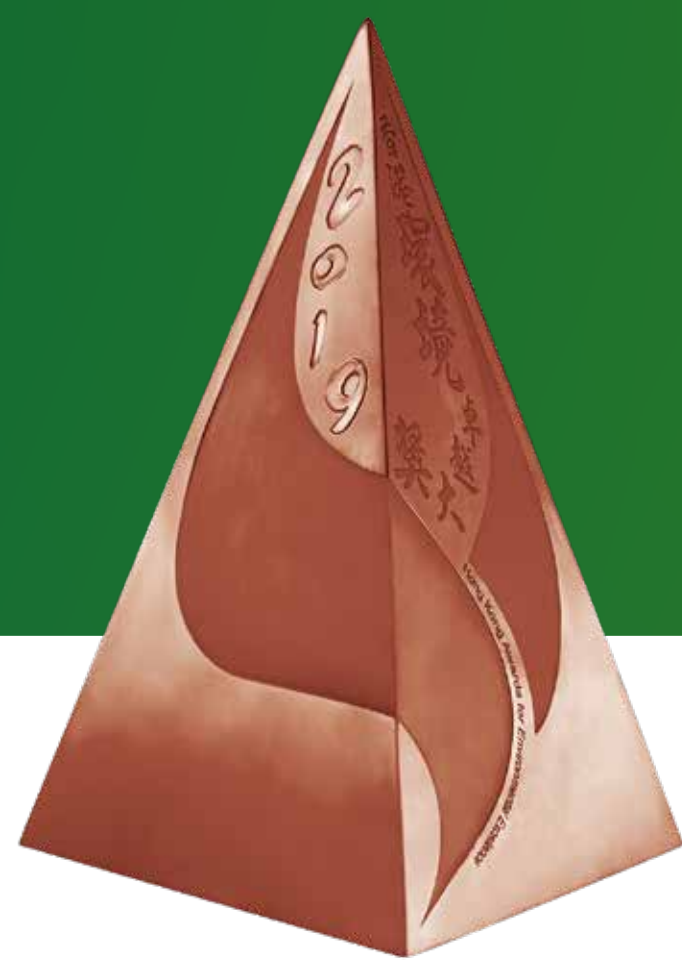

## 銅獎 Bronze Award

製造業及工業服務  
Manufacturing and  
Industrial Services

國泰航空飲食服務 (香港) 有限公司一直致力於不同範疇積極實施環保措施，包括廢物管理、節約能源、採購可持續物料以及升級再造。其中主要措施包括收集返港航班上未開封的獨立包裝食物和飲品，並捐贈予有需要人士；透過採用7°C與2°C的製冷系統共同配合降溫需求，並以空調鮮風控制系統來降低能源消耗。

CATHAY PACIFIC  
CATERING SERVICES

國泰航空飲食服務 (香港) 有限公司  
Cathay Pacific Catering Services (HK) Ltd

Cathay Pacific Catering Services (HK) Ltd has been putting dedicated efforts in implementing environmental measures on different aspects, such as waste management, energy conservation, sourcing sustainable materials and upcycling. Key measures include collecting unopened packaged food and beverages from inbound flights for donating to people in need; reducing the energy consumption through sharing cooling demand between the 7-degree and 2-degree chiller systems and ventilation demand control for the air handling unit.

參加由中華電力有限公司推出的可再生能源上網電價計劃，在公司頂樓安裝太陽能發電系統並接駁至電網，每年可透過該系統產生322 000度電。

Participating in the Renewable Feed-in Tariff Scheme introduced by CLP Power Hong Kong Limited to install in-grid solar panel systems at the rooftop. 322 000 kWh of electricity can be generated through the system per annum.

在2018/19年度，捐贈了約4.6噸從生產線收集回來的可食用烘焙食品 and 283噸返港航班中未開封的食品和飲品予食物銀行，以減少廚餘，捐贈量亦同時錄得按年超過10%的升幅。

About 4.6 tonnes of edible bakery products gathered from production lines and 283 tonnes of unopened food and drinks from return flights were donated to local food banks in 2018/19 to reduce food waste and a year-on increase of over 10% for the donating amount is recorded.

在公司設立兩個「可持續發展展區」，向全體員工、業務夥伴和訪客展示公司如何努力不懈把可持續理念納入營運核心。

Establishing two Sustainable Development Corners at the Company to present the continuous efforts of the Company in incorporating sustainability values into the core operation to all its staff, business partners and visitors.
