Hong Kong Awards for Environmental Excellence 2019

銅獎 Bronze Award

餐飲業 Restaurants

金巴斯集團香港有限公司 — 澤慧
Compass Group Hong Kong Limited – Chartwells

澤慧本年度於香港多間國際學校內實行了多項環保項目，其中包括選用可重覆使用的容器代替一次性塑膠容器售賣水果及蔬菜杯；在校園展示「負責任行為」運動海報，教導學生身體力行實踐環保的重要性；每年舉辦一次「大嘅鬼巡遊」活動等，希望學生在享用飯餐之餘不忘關懷地球。

Chartwells has implemented multiple environmental initiatives at different international schools in Hong Kong this year, including choosing reusable containers to replace all single-use plastic cups to sell fruits and vegetable cups, posting posters of “Acting Responsibly” campaign on campuses to advocate the importance of practicing environmental protection, and organising “Big Waster Tour” every year. Chartwells hopes that students can always remember to care for our planet while enjoying meals.

超過八成的學校飯堂會在自助餐盤收集處收集廚餘，學生亦需要把廚餘和非廚餘分類棄置以便回收。部分飯堂設置了廚餘機，可把廚餘轉化為堆肥，作校內園藝之用。

Over 80% of the school canteens have collected food waste at the self-served tray return station. Students are required to separately dispose food waste and non-food waste to facilitate recycling. On-site food waste decomposers were also installed in certain canteens to turn food waste into compost as fertilisers for planting at the schools.

自2016年起，每年舉辦一次「大嘅鬼巡遊」，向校內飯堂的學生宣傳「停止浪費食物」的信息。

Organising the “Big Waster Tour” annually since 2016 to promote the “Stop Food Waste” message to students at school canteens.

在南島中學飯堂推行「走塑」措施，包括以可重用的容器來盛載水果，取代即棄塑膠盒；以紙袋取代附有塑膠膜的三文治盒；以及按要求才提供可生物降解的飲管。

Implementing plastic-free initiatives through programmes in the South Island School canteen through replacing single-use plastic fruit containers with reusable containers; replacing sandwich boxes with a plastic cover with paper bags and giving out biodegradable straws only upon request.
